# Why Karndean?

Inspired by nature and designed for living, you'll find our floors are beautifully realistic and highly practical.

By offering a wide and impressive range of designs, finishes and formats, you can create a floor that's unique to your home and guaranteed to last for years to come.

## Designflooring: Take a closer look

We find the inspiration for Designflooring in the beauty of the natural world and feel passionate about bringing this into every product we create. From the intricate grain details in real woods to the timeless tactile qualities of natural stones, we've used the latest technology to bring you floors that are the ultimate in style and give you exceptionally high performance and quality. And, we've already chosen the best colors, formats and design components for each of our ranges, meaning it's easy to create the perfect designfloor for your home.

### *Plank variation*

*We prefer our planks to reflect the variance and random character of natural materials.*

*So, rather than looking uniform and manufactured, each has its own individual grain and appearance.*

### *Wear layer*

*With a protective wear layer on each plank and tile, our floors are designed to withstand the everyday hustle and bustle of home life.*

Do you love the authentic, rustic look of traditional crafted wood planks? Or perhaps you prefer the distinctive texture and intricate patterns of quarried stone? Whatever it is you're after, you're sure to find a look that's just right for you in our wide range of stylish, high quality Karndean Designfloors.

### The right look for every room

We know that style is personal and every space is different. To help you find the right floor for your home, see what each of our ranges has to offer:

Did you know?

All of our products are compatible with underfloor heating systems.

# Designflooring: Inspiration

How to create your perfect floor...

We have put together a quick guide to help you design your new floor. Your floor can be as simple or as intricate as you'd like. Follow the steps below to be on your way to creating a floor that's just as unique and individual as you are.

## 1 Choose a main color and effect

We have an extensive range of color tones in our **Inspired by Wood** and **Inspired by Stone** collections.

### Inspired by Wood:

Choose from our wide selection of planks, each featuring realistic grain and knot details and textures. We offer a varied range of styles ideal to suit any room in your home.

See **Wood at a glance** on pages 149-151

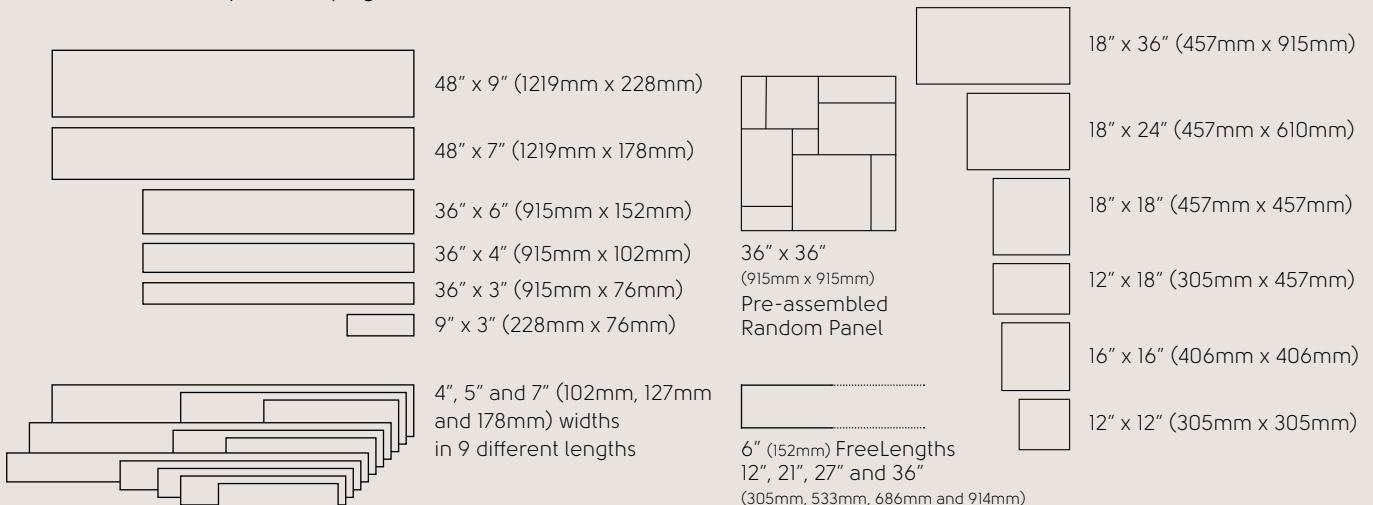

### Inspired by Stone:

Choose from a palette of natural beiges and browns to cool blues and greens. With tiles including marble, slate, terracotta and ceramic effects, plus our range of mosaics, metallics and pebbles.

See **Stone at a glance** on pages 152-153

We offer a wide range of plank and tile sizes. To find out available sizes for your chosen product, please see the individual product pages.

## 2 Add a decorative strip

Once you have chosen your main floor color, you have the option of adding a decorative strip...

### Inspired by Wood:

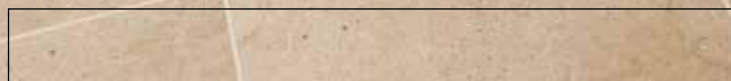

Add a strip between wood planks to create an attractive ship's decking effect.

### Inspired by Stone:

We highly recommend adding a narrow strip to a tile floor to create a natural grouting effect.

### Design Strips

Available in two widths:  
3mm and 10mm  
A wide palette of colors.  
See pages 120

### Grout Strips

Available in 3mm widths and six colors.  
See page 121

*Define your space and  
get creative with strips*

## 3 Add a border

To personalize your floor even further or to help define your space, why not add a border?

### Keyline Borders

Use single strips to define a space.  
See pages 120-121

### Decorative Borders

Choose from a range of patterned borders designed specifically to complement your chosen floor.  
See pages 124-129

### Tramline Borders

Use a combination of strips to create more emphasis.  
See pages 120-123

## 4 Add a feature

With eight standard designs to choose from and the ability to design your own, a feature creates a focal point in your room. See pages 130-131

# Art Select Woods

Inspired and inspiring; full of charm and character, our premium Art Select Wood collection brings the natural beauty of real timber to life in your home.

Through meticulous attention to detail and careful selection of some of the most beautiful and inspiring natural timbers, our Art Select Wood collection includes our most intricate designs and realistic embosses. Each plank is handcrafted to reflect the unique grains, knots and textures of natural wood, but unlike real wood, we're able to design a floor that's not only beautiful and realistic, but is also practical.

Everything that a beautiful wood floor should be, and so much more, each of our Art Select Woods tells its own story.

# Your guide to Design Strips...

To complete your look, add a strip. Choose from a wide range of tones and textures available in **3mm and 10mm**. (unless otherwise specified). Place these between tiles to create a natural grouting effect or to enhance the design of your floor. We have a wide range of strips, but they only work with certain products. Your local retailer will be able to help you select the right strip for your chosen floor.

## Compatible with...

These design strips are available for use with all our floors. Available in 3mm and 10mm widths.

# Design Wood Borders

Why not finish your floor with one of our design wood borders?  
To help you choose, we've made some suggestions below.

*Looking for a custom border  
to suit your floor?*

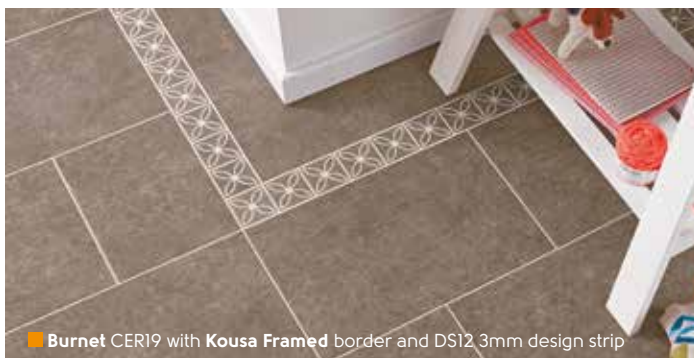

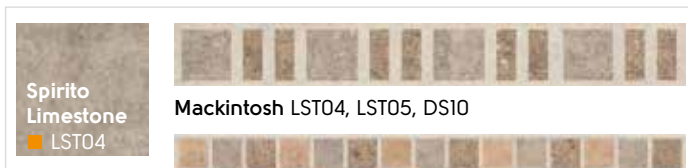

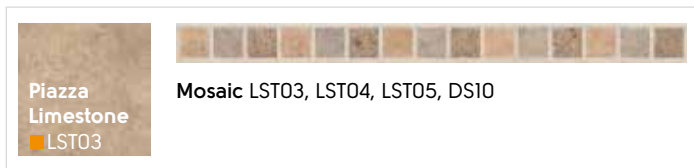

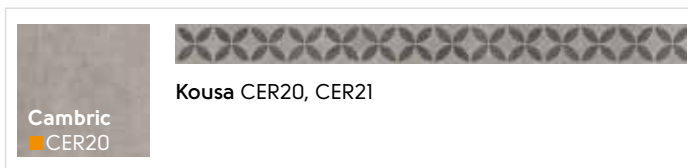

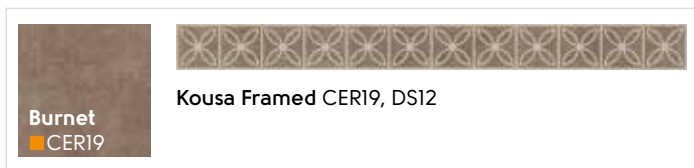

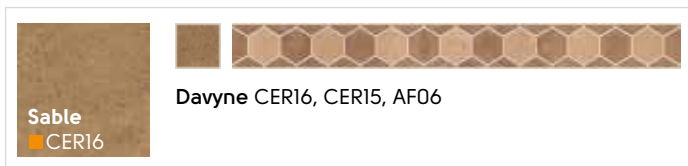

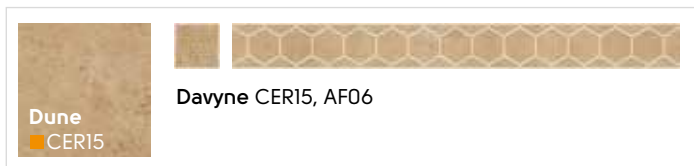

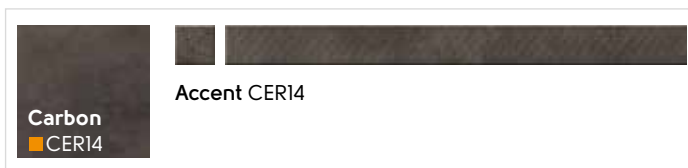

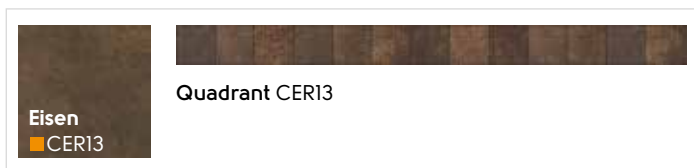

Your local retailer will offer you a  
design service to help you choose a style.

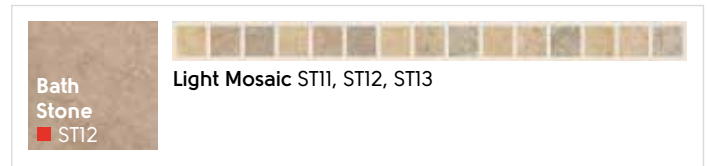

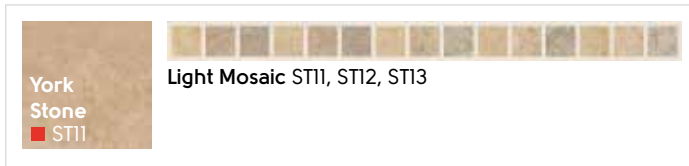

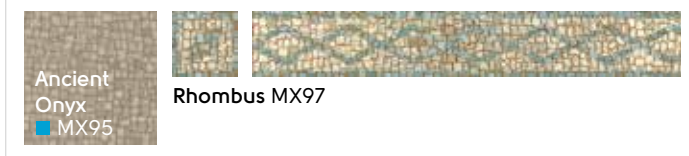

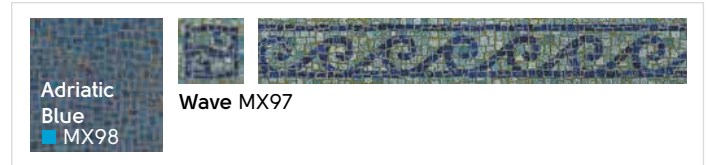

# Design Stone Borders

Add interest to your floor with one of our design stone borders. To help you choose, we've made some suggestions below.

Make a simple design feature around your room by selecting a coordinating design strip, see pages 120-121 for our full range.

### Keyline borders

Define your living space by adding a keyline border – a single strip which runs around the edge of the room.

### Tramline borders

Tramline borders are made up of more than one strip. Choose different colors to suit your style.

*Features are 3ft wide  
as standard, but can be  
scaled up or down*

# Custom Features

## 1 Choose your favorite from our feature designs

Cartwheel with border

Cartwheel

Celtic

Galaxy

Dolphin

Sun

Star

Nexus

## 2 Pick your colors

We recommend you make the background color of your chosen feature the same as your floor, then choose remaining colors to coordinate with the finishes in your room.

## 3 Decide on a size

You can select the size of your feature to fit perfectly into any shape of room. Our features come in a standard 3ft size, but can be scaled up or down to suit. Talk to your local retailer who can advise you on getting the right size for your space.

## Looking for a unique design?

If you're looking for something a little bit different, you can design your own custom feature. Contact your local retailer for help creating a truly custom floor for your home.

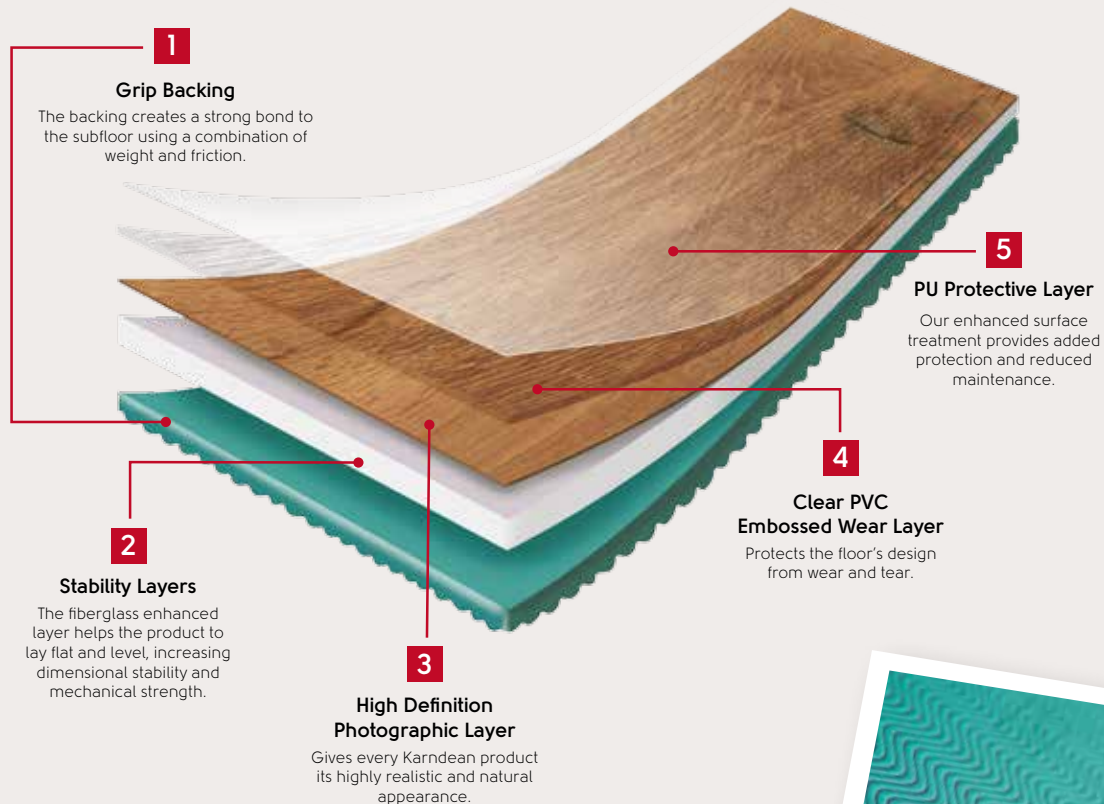

Karndean  
LooseLay

# What makes Karndean LooseLay special?

Karndean LooseLay is a new format of luxury vinyl flooring featuring a friction grip backing that holds the product in place. No clicking. No locking. You don't even need glue in most installations.

Boasting the realistic designs and grain details customers expect from Karndean, LooseLay is available in large scale wood-look planks and stone-look tiles and can help you create a look that works in almost any space. What's more, it's easy to install and can be laid over most existing hard floors. Oh, and it's 100% recyclable!

## Where can Karndean LooseLay be used?

Kitchen  
Lounge  
Bathroom  
Bedroom

Loft conversion/  
Attic  
Playroom/  
Nursery

Basement  
Hall  
Study  
Gym

# Why Karndean LooseLay?

## Quick and easy to install

All you need is a sound, smooth and dust-free subfloor and you're ready to go. It's great because it can be fitted over most existing hard floors.

## Low maintenance

All Karndean floors are simple to care for. All it needs is a quick sweep and run over with a mop, warm water and Karndean Clean.

## Warm underfoot

Our products are softer and warmer underfoot than natural wood and stone flooring. For extra warmth, Karndean is easily used with underfloor heating systems.

## Quieter than click or laminate flooring

Our innovative backing helps absorb sound, making Karndean LooseLay perfect where you want to reduce noise levels such as playrooms, bedrooms and loft conversions.

## Durable

With a Limited Lifetime warranty\* you can rest assured your floor will last for years to come. Unlike real wood and stone, it won't splinter, warp or crack.

\*Subject to terms, for more information visit [www.karndean.com](http://www.karndean.com)

## Easy to repair

Should you need to replace a piece, simply lift the plank or tile in question and drop in a new one.

## 100% recyclable

Like the name suggests, you don't need adhesive\*\*, meaning Karndean LooseLay is 100% recyclable. Why not move it into another room in the house for a change of scenery!

\*\* Adhesive may be required for some applications, please refer to installation instructions

# Cleaning and maintaining your Karndean floor

All Karndean Designflooring products feature the K-Guard system. Using a variety of highly developed technologies, including PU protection, K-Guard offers easy maintenance while retaining the natural appearance of each design.

We have a dedicated section on the website which explains how best to look after your Karndean floor and covers lots of frequently asked questions from our customers.

We also have our own Floor Care Kits that you can order from your local retailer, including everything you need for a simple cleaning routine.

## Inside your Floor Care Kit

Regular cleaning with a pH neutral cleaner such as Karndean Clean will help keep your floor at its best.

After time you may want to treat your floor to some extra care. We recommend every six to twelve months, depending on wear, that you strip and refresh your floor using Karndean Remove and Karndean Refresh, to further enhance its look and durability.

- 1 Karndean Clean 750ml
- 2 Karndean Remove 750ml
- 3 Karndean Refresh 750ml
- 4 Floor Protector Pack
- 5 Refresh Pad (soft/white)
- 6 Remove Pad (coarse/white)
- 7 Applicator
- 8 Floor Care Guide

# How to plan your new floor...

# Things to think about...

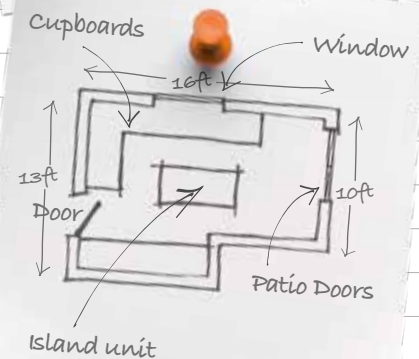

Our expert staff are here to help you design your floor. Pop in to see your local retailer or visit one of our showrooms where you can see larger areas of Karndean Designflooring!

## Helpful hints and tips to help you choose your Karndean floor.

1. Which room in your home do you need flooring for?
2. What style suits your home - classic, contemporary, traditional?
3. Choose your effect - Wood or Stone?
4. What colors will suit your space?  
Circle the ones you like on the 'at a glance' pages 149-154. Use pictures, cuttings or swatches of colors and designs you like to help you choose.
5. Have you thought about finishing touches? For decorative borders, strips or features see pages 120-131.

Useful notes

Draw a sketch of the shape of your room with rough measurements to take to your retailer. They will visit your home as part of the service, to take accurate measurements and give expert advice.

### Color & Pattern Reproduction

All our products are inspired by things we have seen in nature. Just as variation in both color and detail are part of the beauty of nature, so too are some of our designs. This means that with some of our products you will see natural variation when your floor is laid.

We are continually developing new ideas and improving on our existing designs. This does mean that sometimes products are withdrawn at short notice. Karndean Designflooring owns all its designs and are protected by copyright.
