

SONO Eclipse floors are among the highest performing floors available. To ensure your floors will look as good as the day they were installed, follow the simple instructions outlined below so you can enjoy them for years to come.

### Key Care and Maintenance Criteria

- After installation, the floor should be kept at 30-75% Relative Humidity and between 10°C - 38°C (50°F - 100° F)
- If used with underfloor heating the max. temperature of the heating system should be 29° C (85° F). Temperature should also be adjusted by a maximum of 2.5° C (3° F) in a 24 hour period.
- Place floor mats and area rugs at main entrances to minimize abrasive debris that may be introduced to the floor.
- Place protective pads under furniture legs and other movable furniture.
- Use protective mats under wheeled office-type chairs.
- In cases of wheel chair use take care to remove embedded debris from tires when entering the home and use protective mats under high use areas.
- Avoid using polishes, waxes or detergent-based cleaners as they will leave a film/residue on the surface of your floors and may cause damage beyond repair. The surface of SONO Eclipse flooring does not require refinishing and will maintain its original appearance.
- Never use abrasive cleaners on your SONO Eclipse floors.
- We do not recommend flooding or heavy use of water on your floor. While SONO Eclipse is a waterproof product, over time moisture can seep through the seams of the floor and cause moisture related damage underneath the floor.

### Daily Cleaning Guidelines

- For daily cleaning, use a dust mop, broom or vacuum with hard surface attachment to remove dust, loose dirt or debris.
- For more thorough cleaning, where a cleaning solution may be required, use a water-based floor cleaner. Alternatively, you can make your own cleaner by combining 1 cup of vinegar to 1 gallon of warm water, or 1/3 cup of ammonia to 1 gallon of warm water.
- To apply cleaner to the floor we recommend using a misting bottle, applying the cleaner to an area and then wiping with a cloth or mop.

### Removing Stains from SONO Eclipse Flooring

STAIN	REMOVAL
Rubber marks, Heel marks, dirt, Colored pens/ crayons	Brush off when dry using a nylon pad or cloth.
Beverages (fruit juices, milk, wine, soft drinks, etc.)	Immediately remove with an absorbent cloth. If already dry, wipe with a suitable laminate flooring cleaner.
Pet urine Blood	Immediately remove with an absorbent cloth. If already dry, wipe down with a cloth and a suitable flooring cleaner.
Permanent pens/ink, Makeup Shoe polish, paints, oils, grease, etc.	Wipe down with a cloth and a small amount of solvent (i.e. acetone, vinegar, nail polish remover, or paint thinner)
